

APRIL 25th Is The Date !

Hello Team Captains!

Welcome to the 2015 Walk the Loop for Lupus. We appreciate you joining us for the first time or a return from previous years.

Things are getting exciting at the Lupus office as we get closer to the Walk. So glad you are along for the ride.

Remember, we have prizes for the largest team of registered walkers and for the person who brings in the most money in donations. We will continue to have a prize for the team captain who has the most creative team. That could be either in their dress, costume, items they carry, banners and such. In past years, we have had teams wearing bath robes, angel wings, pirate eye patches and Hawaiian leis....who knows what we will have this time! But again this year, a prize will be given out to the captain who organizes the most creative team....maybe that will be you.

You must have at least 3 people in your group (including you!) to be considered a team. Captains of teams of 3 to 9 members will receive their prize at the registration desk prior to the walk. Captains of teams of 10 members or more will receive their prize after the walk at the award ceremony.

Encourage your friends, family, co-workers, neighbors and others to register before the **Free T-Shirt deadline of April 8th!**

Remember, if you want to have a photo of your team, have all members show up early to have the picture taken before the Walk. Photographers will be on hand to take the team photos with YOUR camera. That way you will have the pictures with you immediately. Please remember to bring YOUR camera.

Also plan on arriving early so check out our memory balloon booth, silent auction, jumping castle, raffle, Lupus information booth and our sponsor's tables! Grab some great goodies and a quick massage before the Walk.

Contact me with any questions, you can email me or leave a message on our Facebook page. Thanks again for all of your help with this worthwhile event. Let's have fun with it!

See you at the Loop.

There's More to **LUPUS** Than You Know

Lupus is an autoimmune disease that causes inflammation and tissue damage to virtually any organ system in the body. While lupus affects mostly women of childbearing age, women and men of all ages and children can develop lupus.
